Research Identifiers Fact Sheet

ResearchNow

This fact sheet is one of a series available that discusses how to create and manage an online academic profile. For research assistance contact the Flinders University Library.

Why Research Now?

- ResearchNow is Flinders University's research management system. Data in ResearchNow is used for reporting (and promotions) as well as your public research profile.

- Add Scopus Author ID to populate your publications profile.

- Add your ORCID to link online identities together and keep your ORCID up-to-date seamlessly.

- Be notified when new research outputs are ready to be brought into ResearchNow from Scopus.

Follow the step-by-step instructions in the next pages to *add your Scopus Author ID*, *link your ORCID*, and *enable notifications* to make populating your ResearchNow profile as easy as possible.
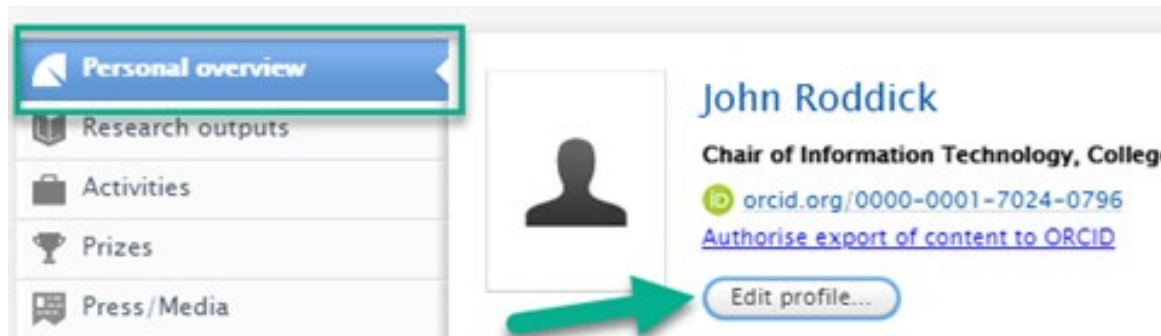

Link Scopus step-by-step guide

Add Scopus Author ID. Ensures you are set up to be notified when new publications are ready to be brought in from Scopus.

1. Go to *ResearchNow* via Okta Dashboard.

ResearchNow

2. In Personal overview go to Edit profile.

3. Go to ID _Add ID._

4. Select _Scopus Author ID_ from drop-down list and look up _Scopus Author ID_ by selecting _Find your ID in Scopus_.

5. In Scopus find and copy your Scopus Author ID. Need help? Go to Scopus ID management.

Link ORCID step-by-step

ResearchNow keeps your ORCID profile up-to-date by an automatic feed that pushes your publications to ORCID.

1. Go to *ResearchNow* via Okta Dashboard.

2. In Personal overview go to Edit profile.

3. In ORCID either:

a. Select Create or Connect your ORCID ID.

b. Authorise export of content to ORCID.

4. Select Proceed to Connect with your ORCID ID.

Connect with your ORCID ID

You will now be directed to the ORCID site where you can generate your ORCID ID (if you don't already have one) and/or authorise the export of content (e.g. research outputs) from Pure to your ORCID record.
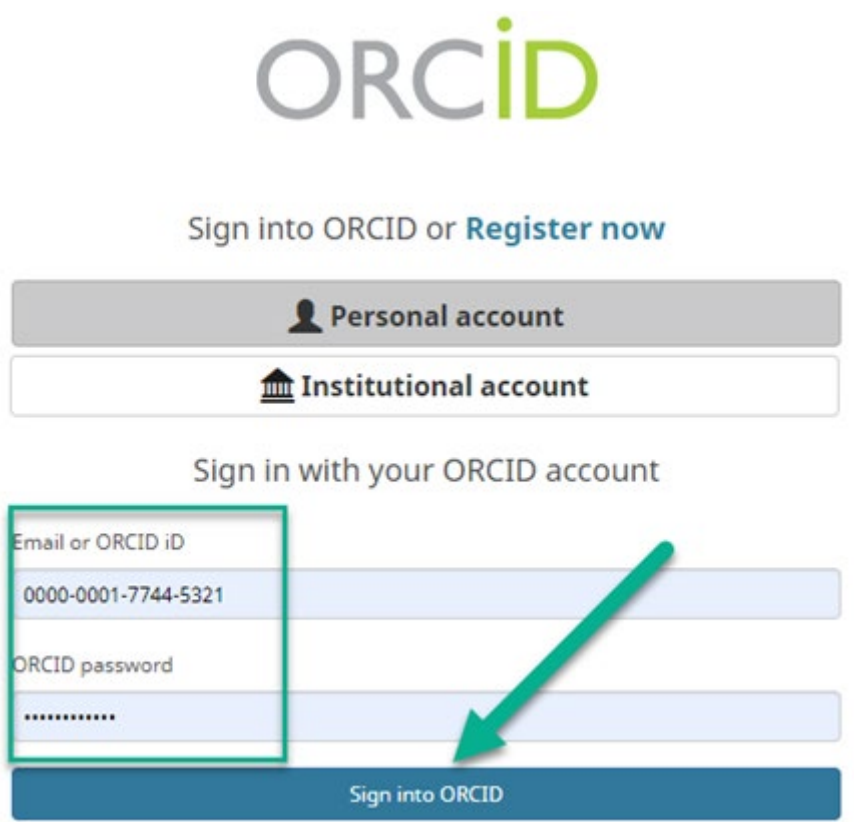

Upon setup, Pure will export the following content immediately, and then subsequently automatically update it at a frequency determined by your Pure administrator:

- Institutional organisational affiliation
- Other personal identifiers (e.g. Scopus author ID, Researcher ID)
- Your Pure Portal URL
- Your research outputs, where:
    - the publication status is either 'E-pub ahead of print' or 'Published'
    - the visibility of the record is 'Public – No restriction'
    - the workflow step is at least 'For validation'.
